Hi [Redacted]

Please see the attached price quote for Nathalie. This is based on 7 tons. Shipping is estimated and not definite until the order is placed, as it has been very volatile lately. Also LTL can take a few days transit.

Let me know if you have any questions.

Hi [redacted],

I can provide you with a quote for this quantity. Do you know if it will be 6 or 7 tons? Only because the ship cost will be different for each. If you do not know, I will get a quote for 7 to be conservative. Also, when do you think you would need this?

Thanks,

Hi [Nonresponsive based on revised scope]

I understand you don't know exactly how much product you will need, but do you have any idea on a ballpark? For example multiple truckloads or less than a truckload? Any guess would be helpful.  
Also, do you plan to finish the project in 2020, or will this go into 2021?

Hello [Nonresponsive based on revised scope] and I have taken over the Shiloh Church Site from [Nonresponsive based on revised scope]

Please we need to see if your bid price on December 31, 2019 is still valid for us to use? If there is a change in price, we can rebid and include you in the bidding process.

At this time we are not sure on how much material is needed. Based on bid there seems to be transportation minimum.

Please let us know, Todd and I will need to order material in the near future.

Thank you
